Hardy Broad-leaved Flowering Evergreens
Deciduous Ornamental and Shade Trees
Deciduous Flowering Shrubs
Hardy Vines and Climbers
American-Grown Roses
Hardy Herbaceous Perennials
Decorative and Flowering Plants

Bobbink & Atkins

Rutherford New Jersey

Business Terms and Suggestions

CORRESPONDENCE SOLICITED. Write us on business stationery showing you are in the trade, therefore entitled to wholesale prices. We give every inquiry prompt attention, and ask that each inquiry be made as brief and clear as possible.

ORDER EARLY. It greatly facilitates selection and reservation of stock and shipment if orders are received early.

IMPORTANT. Please advise, when ordering, if you wish goods shipped by express or freight, giving best route for quick delivery.

PRICES are net (unless otherwise arranged), and subject to change without notice, and f.o.b. Rutherford, N. J. Packing is charged at cost, but we pack free if cash accompanies the order. We will supply 5 plants at the rate for 10, 25 at the 100 rate, and 250 at the 1,000 rate. **Orders calling for less than 5 of a kind (articles on which the price for one plant is not given) are subject to an advance in price of 25 per cent on the price for ten to reimburse us for the extra labor involved in executing them.** This Catalogue cancels all sales conditions and prices quoted in previous Catalogues and offers.

TERMS. Cash or satisfactory trade references must accompany all orders from purchasers unknown to us. All orders booked in advance are subject to failure or shortage of crop and delays in delivery beyond our control. To customers whose responsibility is known to us, all bills are due net 60 days from date of shipment—6 per cent interest charged on overdue accounts.

OUR RESPONSIBILITY. While we exercise the greatest care to have our nursery products all genuine and reliable, and hold ourselves prepared to replace, on proper proof, all that prove untrue, we do not give any warranty, express or implied, or guarantee them to live and grow or give specific results. In case of any error on our part, it is mutually agreed between the purchaser and ourselves that we shall not at any time be held responsible for a greater amount than the original price of the goods.

COMPLAINTS. We will make no adjustments unless complaints are made within five days after receipt of stock. Complaints must be made direct to our office in writing. Orders are booked with this distinct understanding.

HOW TO REACH OUR NURSERIES. Visitors invited. Our Nurseries, consisting of 500 acres, are located within 8 miles of New York City. The automobile roads leading to our Nurseries are exceptionally fine. Busses start from Astor and Waldorf-Astoria Hotel Bus Terminals for Passaic and Paterson. Leave the bus at Paterson Avenue and Hackensack Street, East Rutherford, take jitney or trolley passing our Nursery on Paterson Avenue, East Rutherford. Rutherford is the first, and Carlton Hill the second station on the main line of the Erie Railroad. Take the Hudson Tunnel at 33d Street or at Cortlandt Street Terminal—trains connect with the Erie Railroad at Jersey City. The Carlton Hill Station is only five minutes' walk from our Office and Nurseries.

OUR SHIPPING FACILITIES. We are admirably located to ship to all parts of the country, being only 8 miles from New York City. We can ship by express and freight via Erie Railroad from Rutherford, express or freight via D. L. & W. R. R. from Passaic, and by Carlton Hill Express Co., which connects with all railroad companies, boat, and railroad lines leaving New York City and Newark. We advise large orders to be shipped in car-lots from Rutherford, as little or no delay occurs in shipping this way.

AUTO TRUCK DELIVERY. We are in position to make deliveries by auto truck to points within 75 miles of Rutherford, N. J. Charges are made according to the size of truck required and the distance. The advantages of truck delivery are many: the cost of boxing, freight, and cartage is eliminated; the stock is delivered in a much better condition than if packed in cases; and, above all, the goods are landed on the grounds within a short time after being dug. It is the most satisfactory and economical method of transportation providing the order is of sufficient size.

TRANSPORTATION RULES. Our products are shipped and travel at the purchaser's risk. We do not guarantee safe delivery. Our responsibility ceases when we make delivery to the transportation company or on the grounds of the purchaser. The ownership of all goods sold by us passes to the purchaser on delivery to the carrier, and the issuing of a receipt by the carrier ends our responsibility. Any claims for damage should be made promptly to the transportation company's agent at the point of delivery.

Trusting again to be favored with your patronage, and promising our best efforts to give satisfaction, we are,
Yours respectfully,

BOBBINK & ATKINS, Rutherford, N. J.

Evergreens and Conifers

Ask for our price-list on grafted and other Evergreens in small sizes for lining out. For varieties and sizes not listed in this catalogue, please write for prices, stating quantities, sizes, and varieties desired.

Picea pungens glauca Kosteri. We can offer the larger Koster's to the trade in limited quantities, only in combination with other stock.

Our grafted stock will give satisfaction. It is greatly superior to the plants offered by propagators inexperienced in their production, which will result in loss. Each 10 100

2-yr. grafts. \$25 00 \$225 00
4-yr. grafts, 12 to 15 in. 32 50 300 00
2½ to 3 ft. \$15 00 135 00
3 to 3½ ft. 17 50 150 00
3½ to 4 ft. 20 00 175 00
4 to 4½ ft. 22 50 200 00

We also offer for late spring delivery, strong grafted plants in pots, at \$85 per 100.

Broad-leaved Evergreens

For varieties and sizes not listed in this Catalogue, please write us for prices, stating quantities, sizes, and varieties required.

HARDY AND HALF-HARDY AZALEAS

The following varieties are generally known as Japanese Azaleas and are extensively used for shrubbery planting outdoors with other hardy broad-leaved evergreens.

AZALEA amœna. Low-growing, bushy; rosy purple flowers.	Each	10	100
Crowns 8 to 10-in. diam..		\$8 50	\$75 00
Crowns 10 to 12-in. diam..		10 00	100 00
Crowns 12 to 15-in. diam..		13 50	125 00
Crowns 1½ to 2-ft. diam..	\$5 50	50 00	
Benigiri. Evergreen; compact; deep bright red flowers.			
Specimen, 18 to 21-in. diam.	6 00	55 00	
Hinomayo. Flowers pink. Nearly evergreen.			
Specimen, 1½-ft. diam....	6 00	55 00	
Hinodegiri. Evergreen. Bright scarlet.			
Crowns 8 to 10-in. diam..		13 50	125 00
Crowns 10 to 12-in. diam..		16 50	150 00
Crowns 12 to 15-in. diam..	2 25	20 00	
Crowns 18 to 24-in. diam..	7 50	65 00	
ledifolia (indica alba). This variety has pure white flowers and is a profuse bloomer.			
15 to 18 in. high, bushy...	3 00	27 50	
macrantha. Large; salmon-red.			
Specimen, 2-ft. diam.....	6 00	55 00	

Hardy Azaleas

We offer a fine lot of young plants out of flats with excellent root systems, for lining out, in the following varieties:

Hardy Azaleas, continued			
Amœna (purple)	Ledifolia alba (A. indica alba)		
Amœna superba (bright purple)	Ledifolia magnifica (indica) (blush throat)		
Hinodegiri (crimson)	Macrantha		
Hinomayo (soft pink)	Macrantha flore-pleno		
Kimnazoi (single deep red)	Macrostemon lilacina		
Kurume Flame (red and copper)	Macrostemon salmonea		
Kurume Snow (pure white)	Maxwellii		
We can also supply other Kurume varieties in limited quantities which we will quote on application.			
\$3 for 10, \$25 per 100.			

NOTE. For forcing varieties of Azaleas, see page 22, under Decorative and Flowering Plants. Deciduous Azaleas may be found on page 7.

ABELIA chinensis (rupestris).	Each	10	100
Chinese Abelia.			
Pot-grown, 5-in. pots. 15 to 18-in., bushy.....	\$0 40	\$3 50	
ARCTOSTAPHYLOS Uva-ursi.			
Great Bearberry.			
Out of 3-in. pots.....	45	4 00	\$35 00
BERBERIS Julianæ. Winter-green Barberry. A wonderful new evergreen Barberry.			
Field-grown, 15 to 18 in., B&B.....	80	7 00	60 00

BUXUS sempervirens. Common Each	10	100
Boxwood. This Boxwood is the hardy, narrow-leaved type.		
Edging, 5 to 6 in. \$75 per 1000.		\$8 50
Bush Form. 12 to 15 in.	\$1 00	\$9 00 75 00
Pyramid Form.		
22 to 24 in. high, 12 to 14-in. diam. at base.	3 00	27 50

Holly Grape.		
12 to 15 in., B&B.	\$1 25	\$10 00 \$75 00
15 to 18 in., B&B.	1 50	12 50 100 00
1½ to 2 ft., B&B.	1 75	15 00
OSMANTHUS Aquifolium. Holly Osmanthus.		
Pot-grown, 4-in. pots, 12 to 15 in.	90	7 50 60 00
PACHYSANDRA terminalis. Japanese Spurge.		
3-in. pots. . \$90 per 1000. .	1 20	10 00
PIERIS japonica. Japanese Andromeda.		
12 to 15 in., B&B.	1 75	15 00
RHODODENDRON Hybrids in named varieties, our selection. Grafted plants in 3½-in. pots. Spring delivery.		75 00
Ask for our special list of Hybrid Rhododendron grafts		
Hybrids, Seedlings. These are not labeled as to color but run in many shades.		
15 to 18 in., B&B.	3 25	30 00 275 00
18 to 24 in., B&B.	4 00	37 50 350 00
2 to 2½ ft., B&B.	4 50	40 00
Pink Pearl, see page 23		
carolinianum album. White Carolina Rhododendron.		
12 to 15 in., B&B, nursery-grown.	2 00	17 50
15 to 18 in., B&B.	2 75	25 00
catawbiense. Catawba Rhododendron. Nursery-grown.		
15 to 18 in., B&B.	2 50	22 50
1½ to 2 ft., B&B.	3 00	27 50
2 to 2½ ft., B&B.	3 50	32 50
Larger quantities and specimens, nursery-grown or collected, prices on application.		
maximum. Great Laurel.		
1½ to 2 ft., B&B, nursery-grown.	2 25	20 00 175 00
2 to 2½ ft., B&B.	2 50	22 50 200 00
Larger quantities and specimens, nursery-grown or collected, prices on application.		

Deciduous Ornamental and Shade Trees

For varieties and sizes not listed in this catalogue, please write us for prices, stating quantities, sizes, and varieties required.

We have a quantity of specimen shade trees 4 to 9 inches in caliper, amongst them Elm, Linden, Oak, etc. We shall cheerfully send a list of these trees to anyone interested, and invite inspection.

ACER dasycarpum. Silver Maple. Each	10	100
8 to 10 ft.	\$1 50	\$12 50 \$100 00
platanooides. Norway Maple.		
1¼ to 1½-in. cal.	3 25	30 00 275 00
Specimens, prices on application.		
rubrum. Red or Scarlet Maple.		
1½ to 1¾-in. cal.	3 25	30 00
1¾ to 2-in. cal.	3 75	35 00
2 to 2½-in. cal.	4 75	42 50
2½ to 3-in. cal.	6 00	55 00
saccharinum wieri. Wier Cutleaf Maple. 8 to 10 ft. .	1 75	15 00
saccharum. Sugar or Rock Maple.		
1¼ to 1½-in. cal.	2 50	22 50
1½ to 1¾-in. cal.	3 00	27 50
JAPANESE MAPLE (Acer polymorphum). Green Japanese Maple.		
2 to 3 ft.	2 00	17 50 150 00
3 to 4 ft.	2 50	22 50 200 00
4 to 5 ft.	3 00	27 50 250 00
5 to 6 ft.	3 50	32 50

Blood-leaf Japanese Maple

ACER palmatum atropurpureum. Each	10	100
12 to 15 in., grafted plants. B&B.	\$2 50	\$20 00
15 to 18 in., grafted plants. B&B.	3 25	27 50
18 to 24 in., grafted plants. B&B.	4 50	40 00
Young grafts, in pots for spring delivery.		
12 to 15 in., seedlings, B&B.	2 00	18 00 160 00
15 to 18 in., seedlings, B&B.	2 75	25 00 225 00
18 to 24 in., seedlings, B&B.	3 25	30 00
ÆSCULUS Hippocastanum. Horse-Chestnut.		
5 to 6 ft.	1 50	12 50
6 to 7 ft.	2 00	17 50
AILANTHUS glandulosa. Tree of Heaven. 6 to 8 ft. .	90	7 50 60 00

Field-Grown Roses

We produce and sell, each year, over half a million Rose plants, in hundreds of varieties for the most critical trade in the world. We have more than 60 acres devoted to the cultivation of Roses and the Japanese Multiflora stocks upon which our plants are budded. After expending large sums of money and time in experimenting with various species of wild Roses for a satisfactory stock to bud on, we have found the Japanese Multiflora the best.

Our Roses are budded low. They form a most remarkable root system. Our soil and climate develop sound, well-ripened wood and splendid roots. Our facilities and methods of storing are the most perfect and efficient that can be devised.

We aim to deliver quality and service. No pains are spared to deliver fresh stock with moist roots and sound wood in plump condition.

We can supply 500 varieties of Roses, in addition to the following, and will gladly send a copy of our retail catalogue to members of the trade who are interested.

Hybrid Tea, Tea, and Pernetiana Roses

Hardy Herbaceous Perennials

Our hardy perennial plants are strong, mostly pot-grown stock. This enables us to execute orders promptly and economically, and both early and late. We also have field-grown roots of most varieties.

Articles of heavy growth are in field-grown clumps or strong divisions.

Besides these Perennials we grow several other varieties in limited quantities. These will be found listed in our Retail Catalogue, and on which we will be pleased to quote upon receipt of your list of wants.

We will supply 5 plants at the rate for 10, 25 at the 100 rate, and 250 at the 1000 rate. Orders calling for less than 5 of a kind are subject to an advance in price of 25 per cent to reimburse us for the extra labor involved in executing them.

ACHILLEA filipendulina. Fern-leaved	10	100
Yarrow; Milfoil. A showy variety with dense heads of yellow flowers.		
3 ft.....	\$1 50	\$12 00
Millefolium roseum. Finely cut, rich green leaves; pink flowers in compact heads. Good for cutting. 2 ft. . .	1 50	12 00

Duchesse de Nemours. Early. A lovely pure white variety, with sulphur-white collar; medium size; fragrant. 3 00 25 00	
Edmond Lebon. Midseason. Bright violet-rose flowers of large size, rather compact. 5 00	
Edouard Andre. Midseason. Semi-double, dark carmine-violet flowers, with widely notched petals. 4 00	
Eduis Superba. Early. Large flowers of bright mauve-pink; collar mixed with lilac. 3 00 25 00	
Eugene Verdier. Late. Very large, compact blooms of pale hydrangea-pink, with outer guard petals lilac-white; fragrant; extra-strong stems. 12 50	
Felix Crousse. Midseason. Brilliant red; large; good fragrance. 5 00	
Festiva Maxima. Early. Larger than Festiva and the same in color except that outer petals are sometimes tinted faint lilac-white on opening. 3 00 25 00	
Germaine Bigot. Midseason. Clear rose-pink with lighter flesh-colored tints in the center; petals broad. 7 50	

Peonies, continued

Gloire de Chenonceaux. Late midseason. Medium to large, globular, compact; a lovely, uniform sofferino-red, becoming silver-tipped with age; fragrant.	10	100
La Rosiere. Midseason. Large, semi-double flowers of pure white, shading to cream-white in center.	7	50
La Tulipe. Late. Lilac-white, outer guard petals striped crimson.	4	00 \$35 00
La Vestale. Midseason. Lilac-white; collar cream-white; center flecked crimson.	4	00
L'Eclatante. Midseason. Tyrian-rose; very large, compact, bomb type; strong and of medium height.	3	50 30 00
Marguerite Gerard. Late. Large, compact. An exquisite pale hydrangea-pink, fading to nearly white, central petals minutely flecked dark carmine.	7	50
Marie. Very late. Medium-sized, flat, compact flowers of lilac-white fading to milk-white, with golden yellow stamens or short narrow petals around the collar; fragrant.	4	50
Marie Jacquin. Midseason. Very large, semi-double, rose-white flowers, fading to lilac-white. The wide, incurved petals show an open center filled with stamens, like a water-lily.	7	50
Marie Lemoine. Very late. Pure white, cream-white center, occasional carmine tip; fragrant; extra-strong stem.	5	00
Mlle. Leonie Calot. Late midseason. Large flowers of delicate rose-white, with deeper center, and slight carmine tips. Very distinct.	5	00
Mme. Benoit Riviere. Large, cup-shaped; broad, soft pink petals and rose-salmon center, shaded deeper toward collar.	17	50 150 00
Mme. de Verneville. Early. Pure white, with blush center when first opening, later fading to white, carmine flecks; fragrant.	3	00 25 00
Mme. Jules Dessert. Large flower of beautiful form and exquisite coloring. White, shaded flesh and straw-yellow, showing golden stamens.	15	00
Mme. Lemoine. Late midseason. Pale lilac-rose, fading to lilac-white, center flecked crimson; fragrant.	4	50 40 00
Modele de Perfection. Late. Large, compact blooms of light violet-rose, with high, wide center petals of darker color; fragrant.	3	50 30 00
Mons. Dupont. Midseason. Large; very attractive milk-white variety with center splashed crimson, and showing stamens; fragrant.	5	00
Philomele. Midseason. Medium size; low, flat crown; guard bright violet-rose, anemone center of ligulated narrow, amber-yellow petals, changing to cream; as the flower develops there appears a crown of bright rose, edged dark crimson; fragrant; very strong, upright grower; free bloomer. Distinct and novel.	5	50
Solange. Late. Unusually large, full, compact, globular crown type. Outer petals very delicate cream-white, deepening toward the center, with salmon shading. Very strong, erect, tall grower.	20	00
Souvenir de l'Exposition Universelle. Late midseason. Violet-rose, silvery reflex, tipped silver.	4	00
Umbellata Rosea. Early. Large, violet-rose, shading to an amber-white center.	4	00
Named, our selection of varieties.

3½-in. pots..... 5 50 50 00

Euonymus for Filling Baskets

Silver Queen. The most beautifully variegated of all the Euonymus. The broad, green, leathery leaves have a wide white margin and they withstand adverse conditions for a long time, therefore make an excellent plant for florists' baskets. 3-in. pots, \$3 for 10, \$25 per 100.

Ferns (Nephrolepis)

Perfect plants, pot-grown from infancy, incomparably superior to newly potted bench-grown plants.

Bostoniensis and **Dwarf Boston.** 10 100

5½-in. pots.....\$7 50 \$75 00

6-in. pots.....10 00 100 00

7-in. pots.....15 00

2½-in. pots, strong plants.....

\$180 per 1000.. 20 00

Colorado. *New.* One of the finest Ferns sent out in recent years. Claimed to be an improvement on Whitmani and as hardy and sturdy as the Boston Fern. 4-in. pots, 75 cts. each, \$6.50 for 10.

Ficus (Rubber Plant)

elastica. 2½-in. pots. Ready in April. \$25 per 100.

repens (pumila). Excellent for hanging-baskets or for covering greenhouse walls. 3-in. pots, \$25 per 100.

Hedera (Ivy)

helix. English Ivy.	10	100
4-in. pots, 2½ ft. to 3 ft. long.....	\$3 00	\$25 00
6-in. pots, staked, 5 ft. high.....	11 50	100 00
helix arborescens. Tree Ivy. Bushy, erect-growing form which, after 12 to 15 inches of growth, begins to climb, covering walls and trellises. Foliage dark and glossy. Attractive berries in fall. 4-in. pots, 10 to 12 in. high, \$6.50 for 10, \$50 per 100.		
helix dentata variegata. The large leaves of this beautiful Ivy are heavily blotched golden yellow and are abundantly produced. Excellent in conjunction with green plants for basket-work, inside window-boxes, etc. 2¼-in. pots, 8 to 10 in. long, \$35 per 100; 3-in. pots, 12 to 18 in. long, \$50 per 100.		
helix gracilis. A small-leaved variety. Splendid for basket-work, etc. 3-in. pots, 2 to 2½ ft. long, \$3 for 10, \$25 per 100.		

Standard Heliotropes and Lantanas

Excellent for relieving the monotony of formal flower bedding. 3-ft. stems, 10 to 14-in. heads, from 7-in. pots, \$2.50 to \$3.50 each, according to size.

Rhododendron, Pink Pearl

The best variety for forcing, as it produces enormous trusses of soft pink flowers. If well mulched in autumn and shaded from the winter sun, this variety is hardy along the coast as far north as the latitude of New York City.

	Each	10
1½ to 2 ft., 5 buds.....	\$5 50	\$50 00
2 to 2½ ft., 7 buds.....	7 00	65 00

Prices on application

Square Tub No. 11

Straight sides, Mission style, painted green, made in sizes from 10 inches and up.

Prices on application

Bobbink & Atkins Heart Cypress Tub

Much can be said in praise of the wood our tubs are made from, namely, "Heart Cypress," but briefly, it has proved to be decidedly superior to all other woods, not only in durability but in appearance. It does not need a coating as a filler, as the wood naturally contains a certain amount of oil. Consequently it does not warp, shrink, or swell, and in general it is the wood for plant-tubs.

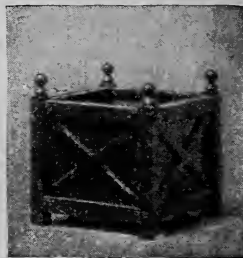

Our workmanship on these tubs is equally good. No tub goes from our shops that has not been thoroughly made, and made to last for years, and our tubs are serviceable for practically every situation.

Sometimes architectural features will call for a more decorative tub, and for such purposes we have designed various other kinds in addition to the ordinary round tub.

Among them the most popular are the square tubs, Nos. 1, 2, 11, 12, 13, which are illustrated here. The prices have been computed so as to be as low as it is possible to make them, consistent with the quality of tub we turn out.

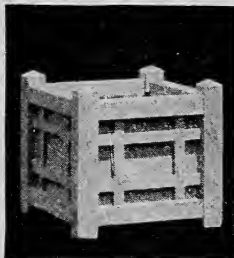

If you need tubs, buy good ones, and they will last you for many years. Most tubs, of course, look alike in the store when they are freshly painted, but it is only after using them for a year or so that their value can be realized.

Bobbink & Atkins' tubs are made not only to look nice, but to last. The designs here mentioned are a few of the many that we make. If you need a special design, we can make it, and will be glad at any time to quote you a price upon any size you may need, if you will be kind enough to furnish a rough sketch showing desired shape.

Square Tub No. 12

Straight sides, ball tops, corner posts, painted green, only made in sizes from 15 to 28 inches diameter inside.
Prices on application

Square Tub No. 13
